

Traffi®

THE HAND PROTECTION SPECIALISTS

TG3210

A lightweight PU cut index B glove compliant to EN388:2016. The close fitting design, good abrasion, tear resistance and grip makes it an ideal choice for most general handling tasks in dry conditions.

Key Features

- Close fitting and breathable PU glove
- Good durability and grip in dry conditions
- Available with 3 exposed fingertips if further dexterity required

Ideal for

- Automotive
- Construction and utility
- Engineering and manufacturing
- Warehousing and logistics
